

SAFETY DATA SHEET

Section 1: Identification	
Section 1, Identification	
Product	Baclofen Tablets 20mg
Distributor	SOLA Pharmaceuticals 655 Highlandia Drive Baton Rouge, LA 70810 Tel: 866.747.7365 Fax: 800.754.9550 www.solameds.us info@solameds.us
NDC Number	70512-783-10 (bottles of 100's)
Section 2: Hazard(s) Identification	
Section 2, Hazard(s) Identification	
Baclofen Tablets USP 10mg: White to off white, round flat-faced, beveled edge tablets debossed with "024" on one side and scored on the other side.	
Section 3: Composition/Information on Ingredients	
Section 3, Composition/Information on Ingredients	
Chemical Name	CAS No.
Baclofen	1134-47-0
Microcrystalline Cellulose	9004-34-6
Pregelatinized Starch	9005-25-8
Colloidal Silicon Dioxide	112945-52-5; 7631-86-9
Magnesium Stearate	557-04-0
Section 4: First-Aid Measures	
Section 4, First-Aid Measures	
General Advice: Move victim to fresh air. If unconscious, place in a safe position, do not give anything by mouth, and call a physician. In case of doubts or if symptoms persist, consult a physician, showing him this data sheet, container or label.	
Eye Contact: Not Applicable because product is in the form of tablets.	
Skin Contact: Not Applicable because product is in the form of tablets.	
Inhalation: If breathed in, move person into fresh air. If not breathing, give artificial respiration. Consult a physician.	
Extinguishing Media: Dispersed water, carbon dioxide, dry powders, foam	
Section 5: Fire-Fighting Measures	
Section 5, Fire-Fighting Measures	

<p>Fire Fighting During all fire-fighting activities, wear appropriate protective.</p> <p>Procedures: Equipment, including self-contained breathing apparatus.</p> <p>Extinguishing media: Suitable extinguishing media: dispersed water, carbon dioxide, dry powders, foam.</p>
Section 6: Accidental Release Measures
<p>Section 6, Accidental Release Measures</p> <p>Health and Safety Precautions: Use appropriate personal protective equipment.</p> <p>Measures for Cleaning/ Collecting: Collect waste material on dry, place in containers and hold for waste disposal. Clean up affected area. Do not allow the release of substance to sewage system.</p> <p>Measures for Environmental Protections: Place waste in an appropriately labeled, sealed container for disposal. Avoid pollution of soil, water and wastes.</p>
Section 7: Handling and Storage
<p>Section 7, Handling and Storage</p> <p>Precautions for safe handling: No special precautions are necessary when handling packed product. Minimize dust generation and accumulation. If tablets are crushed and/or broken, avoid breathing dust and avoid contact with eyes, skin, and clothing. When handling, use appropriate personal protective equipment. Wash hands and any exposed skin after removal of PPE. Review and implement appropriate technical and procedural waste water and waste disposal measures to prevent occupational exposure or environmental releases.</p> <p>Storage Conditions: Store as directed by product packaging.</p>
Section 8: Exposure Controls / Personal Protection
<p>Section 8, Exposure Controls / Personal Protection</p> <p>Engineering Controls: General room ventilation is adequate.</p> <p>Personal Protective Equipment: Refer to applicable national standards and regulations in the selection and use of personal protective equipment (PPE).</p> <p>Eyes: Wear safety glasses or goggles if eye contact is possible.</p> <p>Skin: Impervious protective clothing is recommended. Choose body protection according to the amount and concentration of the dangerous substance at the work place.</p> <p>Respiratory protection: Mask with Pro Flow respiration and filtering cartridge.</p>
Section 9: Physical and Chemical Properties
<p>Section 9, Physical and Chemical Properties</p> <p>Physical State: Tablet</p> <p>Appearance: Baclofen Tablets USP 10mg: White to off white, round flat-faced, beveled edge tablets debossed with "024" on one side and scored on the other side.</p>

<p>Color: White to off white (Baclofen Tablets USP 10mg)</p> <p>Molecular Formula: $C_{10}H_{12}ClNO_2$</p> <p>Molecular Weight: 213.66</p>
Section 10: Stability and Reactivity
<p>Section 10, Stability and Reactivity</p> <p>Chemical Stability: Product is stable provided that it is used and stored appropriately.</p> <p>Conditions to Avoid: Avoid ignition sources and high temperatures.</p> <p>Incompatible Material: Protect from strong oxidizing agents.</p>
Section 11: Toxicological Information (of Active Ingredient)
<p>Skin contact: Irritating to skin.</p> <p>Eye contact: Irritating to eyes.</p>
Section 12: Ecological Information (of Active Ingredient)
<p>Section 12, Ecological Information</p> <p>Toxicity: Ecotoxicological properties are not tested fully. Do not allow the release of substance to water, sewage or soil.</p> <p>Persistence and degradability: No data available.</p> <p>Bioaccumulative potential: Partition: The substance has low potential for bioaccumulation – $\log P(o/w)$: 1,31 ($\log P(o/w) < 4$).</p> <p>Mobility in soil: No data available.</p> <p>Result of PBT and vPvB assessment: No data available.</p> <p>Other adverse effect: No data available.</p>
Section 13: Disposal Considerations
<p>Section 13, Disposal Considerations</p> <p>Waste treatment methods: Waste disposal must be in accordance with appropriate Federal, State, and local regulations. Offer surplus and non-recyclable solutions to a licensed disposal company dissolved or mixed the material with a combustible solvent and bulk in a chemical incinerator equipped with after burner and scrubber.</p> <p>Container Disposal: Empty container retains product residue. Observe all hazard precautions.</p>
Section 14: Transport Information
<p>Section 14, Transport Information</p> <p>The following refers to all modes of transportation unless specified below. Not regulated for transport under USDOT, EUADR, IATA, or IMDG regulations.</p>

Section 15: Regulatory Information**Section 15, Regulatory Information**

This safety data sheet complies with the requirement of regulation (US).

Section 16: Other Information**Section 16, Other Information****Summary:**

Not applicable.
