

RE: Safety Data Sheets**Product Name: COXANTO (Oxaprozin 300 mg Capsules)****70512-814-60**

Dear Valued Customer,

This letter provides a reference for Safety Data Sheets (SDS) for **COXANTO (Oxaprozin 300 mg Capsules)** 70512-814-60.

The Hazard Communication regulation, which requires the preparation of SDS for hazardous chemicals in the workplace, reads as follows:

Title 29 Section 1910.1200 Hazard communication:

(b) (6) This section does not apply to: (vii) Any drug, as that term is defined in the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.), when it is in solid, final form for direct administration to the patient (e.g., tablets, or pills); drugs which are packaged by the chemical manufacturer for sale to consumers in a retail establishment (e.g., over-the-counter drugs); and drugs intended for personal consumption by employees while in the workplace (e.g., first aid supplies);

This paragraph exempts solid-dose finished pharmaceuticals (i.e., tablets and capsules) from the requirements of the Hazard Communication Standard. For this reason, in compliance with the regulation, SOLA Pharmaceuticals, LLC does not provide SDS for its solid-dose products. For further drug safety information, please reference the product's outsert/insert or the Physician's Desk Reference (PDR).

In addition, the requested product is not regulated as hazardous material for shipping in accordance with the U.S. Department of Transportation, and has no hazardous storage limitations as defined by the National Fire Protection Association.
